

KIDS MUSIC
BINGO
GAME

Directions:

Hello,

Thank you so much for your purchase of this product. I hope you find it enjoyable. I find this game suitable to play with 1st through 5th graders.

Here you will find 6 different bingo sheets that are different from one another.

Each of the songs on the playlist is either completely clean or a kids bop version of the song. You can shuffle the YouTube videos or choose at random which to play. I recommend using page protectors with expo markers or coins to mark the songs played. That way you can reuse the sheets for future use.

Here is the link for the playlist:

You can shuffle the songs or pick randomly. Usually I will let the song play until a player guesses the song or they give up and I will tell them the answer. I always give the answer to the song and help players find the song.

Note: not every song will be on every board! :)

A NOTE FOR YOUNGER PLAYERS:

Because I cannot put photographs of movies or artists on this document due to copyright purposes, I encourage younger players who cannot read to work with a partner or grown-up to help them mark the correct box. For instance, if the younger learner knows the song, he/she can tell the name of the song and an adult can mark the box for them.

Typically, when playing with players who struggle with or cannot yet read, I give them 30 seconds to guess the song. Even if they cannot guess the song, I still tell them the answer and help them find the correct box.

For older players, you can have them guess and mark their own boxes.

I hope you find this resource fun, especially for home learning!

Best,

Lauren
