BINGO

NON-DIGITAL VERSION, DIRECTIONS:

This music has K-12 Music Standards that will fit with this activity. There are multiple different Bingo sheets for older learners and for learners that have developmental disabilities. It is broken up into either grade bands and/or by ability.

Since students are doing this remotely, they can work on this activity for two weeks.. They can either do all 5 activities in a row to get BINGO in one lesson and get another BINGO for the second lesson or do 2-3 activities over two lessons. When students are giving responses, please remind them to do their best work and try to give at least 5 sentences for each prompt (or more if they are capable, less if they are not). Have fun with this assignment and please show me responses! I would love to see their work!!!

Best,

Mrs. M (Miss Lauren)
